

INFORMATION FOR PARENTS OF BOYS IN EARLY YEARS

OUR ETHOS

Every boy should be happy, secure, valued and confident. At Newcastle School for Boys, our philosophy is to value every boy as a unique individual, who enjoys learning and thinking for himself. We provide a supportive and secure environment in which every boy can flourish and learn at their own pace and in their own individual way. Our role is to stimulate and encourage their development and enjoyment of learning through a variety of different activities in secure indoor and outdoor situations, through play and through structured and creative activities. We encourage the growth of social skills and empathy amongst the boys. The relationships which the boys develop with each other and with our staff are central to their happiness and lay the best possible foundation for their future.

Newcastle School for Boys is a school that caters for boys from 3-18. All of the boys who enter Early Years are part of our School community. Mrs Woosnam, the Assistant Head - Early Years, will extend a warm welcome when you visit and will show you our facilities. She will be pleased to answer any of your questions, either about our Nursery, or about the rest of the Early Years Department. We send parents and prospective parents copies of the school's prospectus on request, or parents themselves can download a copy from our website. That document gives details of the school's address, location and contact details, together with a great deal of information about the aims and ethos of the whole school. A copy of the Parents' Handbook is also on the School's website, <http://www.newcastleschool.co.uk>

As an integral part of the school, the Early Years boys make full use of the facilities at North Avenue, such as the dining hall, library and music room although they have separate classrooms. We expect them to remain pupils in our School until they reach the age of 18. All pupils from our Junior School will automatically enter the Senior School.

Newcastle School for Boys participate in the Government's Nursery voucher scheme for 3 and 4-year-old boys, including the 30 hour offer.

ADMISSIONS

Boys who have turned 3 on or before 31st August of the previous academic year can join us at the start of the autumn term and also throughout the year, at the beginning of the term in which their third birthday falls. Our morning places are especially popular.

We have a maximum of 60 full-time equivalent places, 36 in Nursery and 24 in the Reception class.

We encourage boys to be able to dress and undress with minimum help and to be able to use a knife and fork before they join us. Boys must be toilet trained.

The School's Admissions Policy applies to the Early Years Department as much as to the rest of the school. It appears on our web site, and copies can be sent to parents on request.

EQUAL OPPORTUNITIES POLICY

We welcome boys from a diverse range of backgrounds and pride ourselves on being an inclusive community where there is complete equality of opportunity and everyone is valued for being him or himself. Copies of the School's Equal Opportunities Policy are on our web site and can be sent to parents on request. We also welcome boys with disabilities and special education needs, and adhere to the Government's SEN Code of Practice.

OUR DAILY ROUTINE ATTENDANCE - NURSERY

The School day begins at 8.40am although boys can come into the Nursery from 8.15am onwards. In Nursery and Pre-Nursery there is the option of flexible part-time attendance.

Boys who have turned 3 on or before 31st August of the previous academic year can join us at the start of the autumn term and also throughout the year, at the beginning of the term in which their third birthday fall. The first 15 hours per week are free and additional sessions can either be regular sessions committed at the beginning of a half term and repeated each week or occasional sessions which do not need to be booked in advance. Please let Mrs Woosnam know if you wish to add any sessions.

The hours of our sessions are:

- Mornings: 8.40am - 1.00pm
- Full days: 8.40am - 3.30pm

Boys attending the morning session may stay for lunch, which is served from 11.50am, and are collected at 1.00pm. Boys entering Reception are expected to stay full-time for 5 days a week. Our term dates are on our web site and are sent to parents one year in advance.

ATTENDANCE - RECEPTION

Many of our Reception boys have already attended our Nursery and the transition between Nursery and Reception for them is a natural progression.

Boys joining Reception from other nurseries are ensured a supported transition. The caring staff are sensitive to the fact that this is a new environment, they will be gently integrated and it doesn't take long for the class to become a unit where all of the boys feel included and secure.

PREPARATION FOR STARTING SCHOOL

Boys thrive when they feel confident and secure. The more independent a boy is, the more readily such confidence grows. For some Nursery boys this may be the first time they have been left by their parents for any length of time.

The Nursery staff ensure that there is a warm welcome every morning. Upon arrival, boys join in the prepared activities and parents are welcome to stay for a short time until their son is settled. If a boy becomes distressed when it is time for the parents to leave, a member of staff will gently guide him to an activity. Boys usually settle very quickly once they are fully occupied and their parents are no longer in view. If necessary, the Nursery staff will telephone during the morning to reassure the parents that their son is settled. Nursery boys must be out of nappies/pull-ups during the day and at least be able to ask to go to the toilet. Assistance will be given to those who need it and in the early stages boys are always escorted to the toilet.

DROPPING OFF

Boys can be brought to school from 8.15am onwards.

Nursery Boys should be brought straight to the Nursery. Please would parents drop off and collect their son via the front door, access being by the Nursery buzzer. As adults will be supervised, parents will not need to be signed in.

Reception Boys should be dropped off in the Infant yard when they arrive at school each morning and not enter the building. To help the boys to locate their belongings when it is time to come in to school, boxes will be provided for boys to put their book bag and packed tea inside when they arrive. This will also help boys to develop their independence and ability to organise themselves and their belongings and staff will be on hand to help the boys when it is time to come in to school. Should the weather be inclement, boys should enter via the gym door which will be opened for them. Should you wish to speak to the class teacher, please ring the front door bell to be signed into school and escorted to the classroom.

BREAKFAST CLUB

Boys can attend our Breakfast Club from 7.30am - 8.15am at a charge of £3.50 per morning. This does not need to be booked in advance.

COLLECTION

All boys must be collected by an authorised person. Please inform us in writing of any change or complete a permission form from school. Boys will not be given to an unauthorised person.

Nursery

Morning only boys should be collected from the outside play area and signed out.

Full day boys should be collected from the Nursery - once again, access being by the front door from 3.30pm onwards. At 3.45pm the boys will join packed tea in the Nursery and should be collected from there via the front door bell.

Reception

Boys should be collected from the North Avenue site at 3.30pm from the yard gate in the main playground. Any boys not collected by 3.45pm will be taken to After School Care and should be collected from there via the front door bell.

AFTER SCHOOL PROVISION

Any boy staying at school after 4.00pm should have a small nut free snack and, until 4.00pm, this provision is free. Between 4.00pm - 6.00pm the cost is £2.50 per half hour or part thereof until 6pm and £10 per half hour or part thereof thereafter. If your son is in after school care, collection should be at the front door via the front door bell. If your son is in a club, collection will be at the front door at the end of the club and parents are welcome to take a seat in our porch while they wait for the club to finish.

SECURITY

Parents are asked to drop off Reception age boys in the school yard with the members of staff on duty but can ring the front door bell and be signed in so they may speak to the class teacher. We would politely like to remind parents to close all gates and doors on entering and leaving the School premises in order to ensure the safety of the boys at all times. Boys are not allowed to open any external doors or gates. We would ask that parents be vigilant when entering or exiting doors and that they are aware of whom maybe entering the School behind them.

OUR STAFF AND THEIR DEPLOYMENT

Overall responsibility for the Early Years lies with Mrs Woosnam, the Assistant Head - Early Years. She is an experienced teacher, who is in charge of the Nursery with day-to-day responsibility for all of its activities. She is mainly supported by Mrs Waite, a part-time, level 4 qualified teaching assistant. Mrs Woosnam is also supported by Mrs Clayton, a part-time, level 3 qualified teaching assistant, Mrs Reid, a part-time, level 3 qualified teaching assistant, Mrs Nattress, a qualified Early Years Educator and Mrs Logan, a part-time teaching assistant who holds Early Years Teacher Status.

Miss Matheron is an experienced class teacher who works in Reception. She is supported by Miss Granger who is a full time classroom assistant and is qualified to level 3.

SUPERVISION OF BOYS

Boys are supervised by qualified staff at all times when they are under our care, including at break, lunch and play times. Staff:boy ratios meet, and often better, the requirements of the statutory framework for EYFS at all times.

THE ANNUAL CURRICULUM MEETING

All parents of boys in the Early Years Department are invited to an annual curriculum meeting which is held in June for the Reception class and at the start of the Autumn term for the Nursery, when the aims of the year's curriculum, the topics that will be studied and the methods of delivering the curriculum through play, structured activities and outdoor activities will be briefly explained. At this meeting, the name and information about the role of your son's key person will be given to you.

HOMEWORK

Every boy is given a reading record from the time that he joins Reception, although he may be given one during his Nursery Year if he is ready. This is for communication between parents and the school. We note everything that your son has done in reading, and ask you to write down anything relevant, that might affect his performance, such as a late evening.

We expect every boy to have acquired the habit of reading every day after school before he moves into Year 1. We will talk to you further about this when we meet, but it is our belief that acquiring the habit of reading at home will stand your boy in good stead throughout his or her education. We offer the boys:

- Nursery Boys: free choice home readers
- Reception Boys: book banded reading scheme books, free choice home readers and the letters of focus that week (usually 4) plus high frequency words linked to the sounds learned and new tricky words.

ASSEMBLIES

Assembly is held every day for Nursery and Reception classes. Assemblies are formal occasions which foster the development of character and a collective spirit. They are basically Christian; but are designed to be respectful of other faiths. Friday assemblies provide an excellent public setting in which to commend boys for special work, acts of kindness or helpfulness, and to reward individual pupils with Star of the Week Award. Class Credits can awarded to any boy for their class total and the boys in Reception may also be awarded House Points for their Junior School House. Both Nursery and Reception operate a class monitor scheme, when one pupil from the class is given special responsibilities, such as helping the Teacher give out fruit

at break. The entire Infant School meets for a collective Assembly every day. At some point in the year parents are invited to attend their son's class assembly or another class event.

OUTDOOR LEARNING

All of the boys are encouraged to play in their secure outdoor space during morning and afternoon breaks, except in the worst weather. We also use the outdoor space for supervised activities, for example, playing with water, sand, ball games and class work. The Nursery and Reception boys are encouraged to plant and grow their own seeds and take part in physical activities for example, using trikes, scooters and the climbing activities in the Early Years yard.

VISITS

We organise excursions to the local park, Church, Centre for Life and Wallington Hall etc. These are designed to help the boys to acquire a basic understanding of our traditions, of the natural world and of the importance of other cultures. Your son's school calendar lists the major visits that are due to take place over the coming term, although some very local visits, are arranged at shorter notice. We require signed permission slips each time, for even the shortest visits. We will send you a letter well in advance, telling you about every visit and whether it involves an extension to the normal length of the school day. Copies of our policy on Educational Visits for EYFS boys are on our web site and can be sent to parents on request.

BEHAVIOUR

Even the youngest boys are encouraged to behave towards each other with kindness and consideration. They have to learn to look after their own possessions and to respect other's possessions. We expect them to be honest, helpful and polite, and to work hard and to listen to others. They should respect everyone, learn to value differences and diversity, follow our rules and are introduced to the concept of Fundamental British Values. Mrs Woosnam, the Assistant Head Early Years, is in day to day charge of the management of behaviour in the Early Years.

We explain to boys why some forms of behaviour are unacceptable and hurtful to others. We rarely need to impose sanctions; but sometimes we may remove a playtime for hurtful behaviour. Occasionally, a boy may be sent to see Mrs Woosnam, Assistant Head - Early Years, who will explain the inappropriateness of a particular action; but such instances are rare. Parents are always informed when any sanction is needed, and in cases of repeated instances of hurtful or inappropriate behaviour, they will be invited into the school to discuss the situation with their boy's Teacher and the Assistant Head - Early Years to agree a joint way of handling the difficulty.

Copies of the School's ***Behaviour management policy*** are on our website and can be sent to parents on request.

FOOD AND DRINK

Boys in Nursery to Year 2 are encouraged to bring a piece of fruit and a water bottle to school each day. This is added to the class 'fruit bowl' and the boys are given a selection of child friendly pieces of fruit before morning break. Your son will need a water bottle and as we fully recognise the importance of proper hydration, drinking water to top them up is available throughout the day. Every boy from Reception to Year 2 needs a colouring book and colouring pencils in case of wet play times.

The Nursery boys eat lunch in the dining room at North Avenue starting at 11.50 am before the other boys in the Infant School. The meal is served by the Class teacher and Teaching Assistant. Weekly menus are on display in our Dining Room. We offer our pupils a widely varied, healthy and tasty diet with plenty of fresh fruit, vegetables and salads. We also attempt to cater for all tastes and preferences, including vegetarian.

Unless your son is staying for After School Care, parents are asked not to send food or drink to school with their son except for their water bottle and a piece of fruit to share with the other boys at playtime.

SPECIAL DIETS

All food that might contain nuts or traces of nuts is clearly labelled. Parents of boys who have allergies to any food product, or who have special dietary requirements, are asked to make this clear in the medical questionnaire which is part of the Registration booklet. They should inform the School at once if their son subsequently develops an intolerance of any food. The Catering Manager is happy to see any parent who has concerns about their son medical condition, and to devise a special menu, where practically possible.

UNIFORM AND SPORTSWEAR

The School Uniform Suppliers are:

www.schoolblazer.com

and

<https://samuraiclubshops.com/uk/newcastleschoolbespoke/>

Please ensure that all uniform is clearly named.

It is advisable that boys bring to School a cap and high factor sunscreen / sun block during the warmer summer months, and are taught to apply this correctly by themselves. For boys in the Infant Department, we would advise the application of a high factor sunscreen before coming to school. We require parents to sign a permission form if you wish us to apply sun cream later in the day.

KEEPING IN TOUCH

We appreciate that sending your son to school is a big step and that it is understandable that some parents may worry or feel anxious about their son's well-being and happiness. That is why we invite your son to visit the Nursery or Reception class before he joins us. Once he has joined us, you are always welcome to visit the School. Your son's Classroom Teacher is responsible for your son's pastoral care and, with our small classes, speedily gets to know every individual boy extremely well. You may see the Classroom Teacher each day when you drop off and collect your son, and many worries can be speedily resolved by an informal chat. Otherwise, you are welcome to make an appointment for a longer (or more private) conversation with him/her, or with the Assistant Head - Early Years. Any concerns will always be treated in complete confidence.

We have a weekly electronic newsletter for parents, which is full of news about activities and outings. We also encourage boys to take home their art work for you to admire and display at home! We send invitations to parents to a number of events during the year, and very much hope to see you at our:

- Nativity play
- Carol service (which involves the whole Junior School)
- Easter Service
- Sports afternoon
- Parents' evenings

In the case of an emergency, parents may dial through to the office at West Avenue on 0191 255 9300 and ask to be put through to extension 227. Parents may contact After School directly at North Avenue on 0191 255 9315.

PARENTS' EVENING

All parents of boys in the Early Years Department are invited to an annual curriculum meeting which is held in June for the Reception class and at the start of the Autumn term for the Nursery, at which we outline the Nursery and Reception plans for the year. We hold Parents' meetings in the Autumn and Spring terms at which parents have the opportunity to talk to their son's teacher about his progress and to raise any worries which they may have.

REPORTS

Boys are Baseline assessed on entry and assessed throughout their time through observations, questioning and guiding using the Development Matters in the Nursery and in addition, the Early Learning Goals and Foundation Stage Profile in Reception. Narrative reports are prepared for each boy and sent to parents in the Autumn and Summer terms.

EYFS PROFILE

At the end of your son's two years of "Early Years" education, we complete a detailed "EYFS Profile" on him which summarises his learning and development against 17 learning goals, which have been determined by the Government. You will of course, receive your son's results, which we will discuss with you at the time that it is completed. We are required to send your son's Profile scores to Newcastle Local Education Authority. These results are passed to and discussed with the Year 1 teacher to enable a smooth transition into Year 1. Any child who has yet to meet the expected level will receive support in Year 1 from our SENCO, Mrs Suzanne Osborne as part of our Early Help offer.

STORAGE OF RECORDS

We store all of our records on pupils in locked cabinets. Parents may arrange to see the records of their sons in accordance with the whole school's policy on Reports and Record Keeping (which is on our web site and can be sent to you on request). You have the right to make written comments on your boy's records, which will then be treated as part of that record. The School is registered under the Data Protection Act and complies with its provisions for example, about the disclosure of information relating third parties.

COMPLAINTS

We hope that you will not feel the need to complain and that any difficulty can be sensitively and efficiently handled before it reaches that stage. However, the school's complaints procedures, which apply equally to the Early Years Department, and have been drafted to meet the specific requirements for EYFS pupils are published in the Parent Handbook and are on our web site. We will send you copies on request.

CHILD PROTECTION

The school's Child Protection Policies, including its policy for the safer recruitment of staff, are enforced rigorously in the Early Years Department. Copies of the policies, which apply throughout the school, are on our web site and can be sent to parents on request.

MEDICAL MATTERS

Please keep your son at home if he is ill or infectious, and phone us on the first day that he is ill. He should remain at home for 48 hours after the last bout of sickness or diarrhoea. An ill boy will not be happy in school, and will only infect others. We will therefore telephone you and ask you to collect your son if he becomes ill during the day.

A first aid box is located in the Staffroom and in the Nursery. They are checked and, if necessary, replenished. All members of staff in the Infants Department are qualified in Paediatric First Aid. We will *always* contact you at once if your son suffers anything more than a trivial injury, or if he becomes unwell during the school day, or if we have any worries or concerns about his health. We will ask you to collect your son if he becomes ill during the school day. We will inform you by asking you to sign an accident form if he has an accident at school.

MEDICAL CARE

Although your son will normally receive medical care from your family GP practice; we hold medical information on all our pupils in order to ensure that we can provide appropriately for their needs, or look after them if they are injured or have an accident. We would therefore be grateful if you would complete and return the medical questionnaire which is part of the Registration Booklet before he joins the school.

BOYS WITH MEDICAL NEEDS OR SPECIAL EDUCATION NEEDS WHO REQUIRE SPECIAL ADJUSTMENTS

If your son has medical needs, special education needs or requires any special adjustments, we will invite you to a meeting with Mrs Woosnam, Assistant Head - Early Years, the class teacher, the school's Special Education Needs Coordinator and any outside Specialist who has been involved with the care of your son, to discuss thoroughly the regime that is most appropriate for his individual care, well before he joins the Nursery or Reception class.

MEDICAL EXAMINATIONS AND IMMUNISATIONS

All pupils in Reception will receive sight and vision screening during their first year at School. You will be notified in advance.

MEDICAL RECORDS

We keep records of all treatment that your son receives during his time at the School. We record all accidents and injuries to your son and of all medicines that are given to him. We will always tell you in writing if your son has received any form of medical treatment - however minor and ask you to sign an administration of medicine form. We will always inform you on the same day or as soon as is reasonably practical.

All medical records will be stored in your son's school record. Access to these records is restricted to the Senior Leadership Team.

EMERGENCY MEDICAL TREATMENT

In accepting a place at the School, we require parents to authorise the Assistant Head - Early Years or an authorised deputy acting on her behalf, to consent on the

advice of an appropriately qualified medical specialist to your son receiving emergency medical treatment, including general anaesthetic and surgical procedure under the NHS, if we are unable to contact you in time.

MEDICINES AND TREATMENTS BROUGHT TO SCHOOL

Please advise the class teacher of any medication that you bring into the school for your son. Prescription medication cannot be administered unless it is prescribed for your son by a doctor, dentist, nurse or pharmacist. Medicines containing aspirin should only be given if prescribed by a doctor. If your son has a medical condition which necessitates regular access to medication, please inform Mrs Woosnam, Assistant Head - Early Years so that an appropriate regime can be devised. The relevant staff will be informed, in confidence, of any condition that is likely to affect him in any area of school life. We will work with you in making arrangements that work best for him.

Copies of our Policy for Administering Medicines can be sent to you on request.

Please remember that we need your written consent for every medicine before we are allowed to give it to your son.

MAINTAINING A SAFE AND SECURE ENVIRONMENT

The safety of the boys is our highest priority, and because they are so young, we need to be particularly vigilant. We will therefore:

- Only allow your son to go home with you, unless we have received your advance permission in writing that he may be collected by another adult.
- Never allow a boy to leave the premises unsupervised.
- Ask all visitors to identify themselves and to state their business before we give them access to the premises. Visitors sign in, wear security badges and are escorted throughout their visit. They sign out on leaving.
- Register all pupils at the start of the morning and afternoon sessions.
- Parents and carers are asked to wait in the yard for their boys at the end of the school day. Nursery boys are collected from the Nursery. Each boy is handed over by the Teacher to his parent or carer.

PHOTOGRAPHS

Visitors (including parents), staff and children may not use their own mobile phones, devices or cameras to take photographs within our Early Years Foundation Stage.

MISSING CHILD POLICY AND PROCEDURES WHEN A BOY IS NOT COLLECTED ON TIME

Our policy and procedures in the event that a parent/carer fails to collect a boy on time and the procedure for dealing with the circumstance of a boy going missing at, or away from, the setting are published in our *Parents' Handbook* and in our policy available on request.

HEALTH AND SAFETY

We update and review our risk assessments on the Early Years Department's classrooms and other indoor areas, the outdoor play space and all the equipment and toys used by the boys every year in order to ensure that everything with which your boy may come into contact has been assessed and that potential hazards are kept to a minimum.

FOUNDATION STAGE

The school day in the EYFS follows the same structure as the rest of the school. Nursery boys may enter Nursery from 8.15am and can play in class until registration and assembly. After daily assembly, he will take part in play based activities (both continuous and enhanced provision) that support the Foundation Stage curriculum. Activities primarily address the *Prime Areas* and when ready begin to address the *Specific Areas* of learning. Boys are baseline assessed upon entry to the school. Boys begin to read using word folders and write their name and form letters of the alphabet. Outdoor play supports the curriculum and boys will be taken on trips and visits that are related to the topic being studied in class. The boys enjoy a large apparatus session once a week and a specialist PE lesson with Mr Sander. The Nursery also access a Music specialist teacher twice a week for Music lessons with Mr Gray.

Once boys enter the Reception class, classwork addresses both the *Prime and Specific Areas* of learning and is a blend of formal class teaching and play based activities, which take place both indoors and outdoors. Work continues from where your son is judged to be on the Development Matters. Two PE lessons take place each week and are taught by our sports specialist, Mr Sander. Reception also access Mr Gray our Music specialist teacher twice a week for Music lessons and Art once a week with Mrs Scott.

We will send you half termly letters at the start of each half term so that you are aware of what is being taught in your son's class.

CURRICULUM SUMMARY

AIM

When your son is in the Nursery or Reception class, he will work towards the Early Learning Goals as set out in the Early Years Foundation Stage for educating children aged from birth to five years.

The teaching and learning will start at a place most appropriate to the needs of your son, irrespective of age, and follow guidance set out in the seven areas of learning and development as described in the EYFS framework. These are:

Prime areas: (which cover the knowledge and skills which are the foundations for children's school readiness and future progress)

- Communication and Language
- Physical Development
- Personal, Social and Emotional Development

Specific areas: (through which the three prime areas are strengthened and applied)

- Literacy
- Mathematics
- Understanding the World
- Expressive Arts and Design

The emphasis at this stage of your son's education is on learning through a balance of structured play and child initiated / teacher directed learning activities.

Communication and Language

Boys learning and competence in communicating, speaking and listening is supported and extended. They are provided with opportunity and encouragement to use their skills in a range of situations and for a range of purposes, and are supported in developing the confidence and disposition to do so.

Physical Development

The physical development of boys is encouraged through the provision of opportunities for them to be active and interactive and to improve their skills of coordination, control, manipulation and movement. They are supported in using all of their senses to learn about the world around them and to make connections between new information and what they already know. They are supported in developing an understanding of the importance of physical activity and making healthy choices in relation to food.

Personal, Social and Emotional Development

Boys are provided with experiences and support which will help them to develop a positive sense of themselves and of others; respect for others; social skills; and a positive disposition to learn. We ensure support for boy's emotional well-being to help them to know themselves and what they can do.

Literacy

Boys learning and competence in being read to and beginning to read and write is supported and extended. They are provided with opportunity and encouragement to

use their skills in a range of situations and for a range of purposes, and are supported in developing the confidence and disposition to do so.

Mathematics

Boys are supported in developing their understanding of Mathematics in a broad range of contexts in which they can explore, enjoy, learn, practice and talk about their developing understanding. They are provided with opportunities to practice and extend their skills in these areas and to gain confidence and competence in their use.

Understanding the World

Boys are supported in developing the knowledge, skills and understanding that help them to make sense of the world. Their learning is supported through offering opportunities for them to use a range of tools safely; encounter creatures, people, plants and objects in their natural environments and in real-life situations; undertake practical 'experiments'; and work with a range of materials.

Expressive Arts and Design

Boy's creativity is extended by the provision of support for their curiosity, exploration and play. They are provided with opportunities to explore and share their thoughts, ideas and feelings, for example, through a variety of art, music, movement, dance, imaginative and role-play activities, mathematics, and design and technology.

Methods of Assessment

Boys are continually assessed by staff and general observations and photographs, are kept online in each boy's individual Learning Journey using a program called Tapestry. Parents are able to see this record by giving an email address to Mrs Woosnam so that they may be registered to their sons account. Staff complete individual observational assessments over the year and look for which areas of learning and development have been achieved and the 'next steps' needed. In Reception an EYFS Profile is also completed. For each goal, teachers determine whether children are meeting expected levels, are exceeding them, or are below the expected level ('emerging'). These assessments are reported to parents at termly parents' evenings.

Enrichment and Extension

Boys who require enrichment and extension are encouraged to work at a higher level which is appropriate to their needs. We provide appropriate support and materials to develop the boy's skills and particular talents.

Special educational needs (SEN)

Mrs Suzanne Osborne, Junior School Head of Support for Learning is the School's Early Years' Special Educational Needs Co-ordinator (SENCO).

In addition to the two specific points for formal assessment in Early Years (the EYFS progress check at age two - if provided from a previous setting - and the EYFS profile), boys' progress is monitored carefully throughout the early years including through the completion of individual learning journeys.

Our setting plans for the four areas of need as identified in the *Special Educational Needs and Disabilities (SEND) Code of Practice 2015*:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health
- Sensory and/or physical needs

In addition to formal assessment and ongoing monitoring, a boys' special educational needs may be identified or informed by a variety of sources. These include:

- Information from previous settings
- Diagnostic assessment
- Teacher's observations including of behaviour and social interaction
- Parents'/carers' observations and concerns
- Medical information

Where there is a concern that a boy may have special educational needs, this will be communicated with parents at an early stage. Close communication will be maintained with parents throughout the process of assessment, identification and monitoring of any special educational needs.

Parents/carers may be advised and supported to seek external help from specialists such as an educational psychologist or via the NHS through their family doctor. In some cases, parents/carers may be advised and supported to request an Education Health Care (EHC) plan assessment.

Decisions to involve external specialists will always be taken in discussion with parents and parents will always be informed if their son is receiving support for a special educational need.

Further information on the School's provision for special educational needs is contained in School's *Support for learning policy* available on our website or on request.

How you can Help at Home

We value the support of our parents and encourage parents to work in partnership with the school. Parents may help their son at home by encouraging independence whether it be tidying up, putting on his own socks and shoes, using a knife and fork or learning to blow his own nose. Boys benefit greatly from sharing stories with their parents and a daily 10-minute story time before bed to share books and talk about

the pictures will lay firm foundations for the years ahead. Listening to your son read is another way to help your son progress well at school. Do please let us know of any milestones and exciting events such as the birth of a new sibling or learning to ride a bike without stabilizers by filling in your Nursery questionnaire or filling in your sons 'Wow' sheets. Additional copies may be obtained from your son's class teacher.

More Information about the EYFS

More information about the EYFS can be found at -
